## Flash Design Prices

Please keep in mind that these are rough price estimates, as the length of a Flash animation is only one small aspect of the entire work. Contact us right away to request a free quote for your Flash project!

Delivery format: Flash SWF & HTML

The SWF and the HTML code are all you need in order to put your animation online. You can of course also buy the source file for your animation. The reason we don't include it into the estimate by default is because most clients have no use for it, so it seems unfair to include it automatically, as it only increases the total price.

30 seconds animation: RM 2000 – 3500

Completion time: 1 week

45 seconds animation: RM 3500 - 7000

Completion time: 1.5 week

60 seconds animation: RM 7000 - 13, 000

Completion time: 2-3 weeks

## Flash Presentation

Delivery format: Flash SWF, EXE & HTML

The reason we don't include it into the estimate by default is because most clients have no use for it, so it seems unfair to include it automatically, as it only increases the total price.

60 seconds animation: RM 6000 - 11,000

Completion time: 2-3 weeks

2 minutes animation: RM 11,000 – 23 400
